Add: No.62, Xinhe Management of Area, Wanjiang District, Dongguan, Guangdong, China

**Product summary:**

**Four-station Key Life Testing Machine** is suitable for a variety of switches or small finished products to do switch or button life testing. It has adjustable speed, setting of times, and four stations for testing at the same time. After the number of times is reached, the data is maintained, and the load adopts the input weight method to ensure Test accuracy.

**Technical parameters:**

|                      |                                  |                   |  |
|----------------------|----------------------------------|-------------------|--|
| Power Supply voltage | 220V ± 10%                       | Stroke adjustment | About 0-5cm                                  |
| Frequency range      | 0-999999 times                   | Machine weight    | (about) 60kg                                 |
| Machine size         | 450*650*750mm                    | Test station      | Four products can be tested at the same time |
| Weight               | 50, 100, 200, 300, 500 each four |                   |  |

### Company Introduction:

Zhongli Instrument Located in Dongguan, Guangdong, China. It is a collection development, research, production and sales of integrated lab testing machine.

Zhongli attaches great importance on the construction of independent R&D ability and technical force, and has already built up a professional work team possessing independent R&D ability in order to design and produce better products to meet customers' requirements. Our machines adopt advanced technology and have good quality with high detecting sensitivity, strong anti-interference ability, stable performance etc. Customization is available in Zhongli, and our engineers can design drawings for customers to meet special requirements, also we can design and install machines according to different production lines.

We adhere to the conception of "Customer First", regard meeting customers' requirements as a primary goal and contribute to providing perfect products and satisfying services to our customers.

**Thank you!**
